### AirVANTAGE 3", 5" & 6" Advanced Random Orbital Sander

- 3/16" and 3/32" Orbit
- The lowest profile in the industry provides unparalleled control, maneuverability, and feedback.
- Vibration absorbing "comfort grips" improve feel and reduce hand fatigue.
- Underside Speed Control combines "on the fly" speed adjustability while helping to prevent inadvertent "slip switching."

- Patented fan blade cooling system for lowering bearing and spindle temperature for longer tool life.
- 360 degree rotation air exhaust shutters, provides different air exhaust directions for users.

Available in a Non-vacuum, Central vacuum, and Self-generating vacuum.

### 3" x 4" Orbital Sander

1/8" Orbit

#### Features:

- Lightest weight full size orbital sander in the world
- All models feature a full 10,000 RPM
- Pad suspension system that produces unmatched performance.
- Pad remains flat throughout full orbit at any speed.
- Low weight, superior balance and minimum vibration give the operator full control and freedom from fatigue.

### 3-2/3" x 7" Orbital Sander

3/16" Orbit

### 3", 5" & 6" AirVANTAGE Vacuum Electric Random Orbital Sander

#### Features:

- Significant energy cost savings vs. pneumatic sanders.
- Portable when air is not available.
- No more dragging your air compressor around.
- Consistent speed vs. pneumatic sanders.
- Lower profile and longer life vs. brush electric sander
